

Portable CNC Cutting Machine

ISO9001:2000
ISO14000

- 32Mb Memory Supporting Nesting
- Free Cutting Software
- Support Flame and Plasma
- Precision: 0.2mm
- Customer Service, 24h/7d

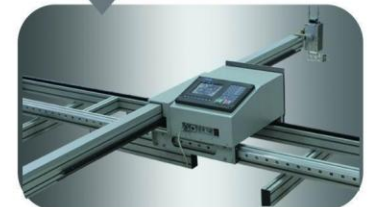

- **Cut as wide as 2.2 meters!**
- **Support both Flame & Plasma!**
- **High speed, 6000mm/min!**
- **No vibration!**
- **Wide frame, good stability!**
- **Rigid structure, heavy Duty!**

Technical Parameters

Rated Power	160W
Electric Power	220AC/110AC, 60/50Hz
Effective Cutting Range	Standard size : 1.5mX 2.5m Customized size : Width: 1.5m,1.8m, 2.2m Length: 3.5m, 4.5m, 5.5m... 15.0m

Cutting Parameters

	Modes of Cutting	
	Plasma	Flame
Cutting Speed	0-6000mm/min	0-1000mm/min
Cutting Thickness	Depending on the plasma power source	6mm-150mm
Torch Height Control (optional)	Automatic voltage sensing THC	Not available
Compatibility	compatible to Kjellberg plasma cutting power sources	Built-in oxy-fuel torch with propane nozzles (acetylene nozzles can be provided on request)
